CANS Nuts and Bolts

- Certification: Navigating the Schoox.com Website
- What are agencies responsible to report?
- EMR transitions
- Vermont Care Partners CANS Dashboard development
Navigating Schoox Certification Process and Timing

Purchasing vouchers for your staff

- VCP and DMH advocating for statewide rate and stretching certification parameters
Reporting Requirements

January 1, 2020

• **Value-Based Payment:** Percentage of clients with a CANS 5-22 update recorded within the last 6 months

• **Master grant performance measure:** “% of clients (ages 5-22) with improvement on the CANS”
  - Methodology TBD

• In 2020, required to report on numbers of 0-5 CANS completed (to show readiness)

January 1, 2021

• **Value-Based Payment:** Percentage of all clients (0-22) with a CANS update recorded within the last 6 months

• **Master grant performance measure** continues
Reporting Requirements

BI Programs

- Historically (last few years) the only program submitting CANS data for all clients. DMH analyzed this data for BI Report:
  1. Did they receive two CANS?
  2. % improved on strength domain
  3. % improved on a severity score
  4. % improved on school behaviors

All Success Beyond Six Programs

- Contract for 2018-19 school year goes beyond BI programs to all Success Beyond Six programs, including CERT
- In 2019-2020 school year, programs can use school module (NCSS has been piloting)
